Jon / Carolyn,

Sharing the WIIN 2104 implementation guidance with you, in light of our discussions about ways to help Warm Springs. In particular, please note **Category 6 on page 8** for examples of the types of TFM assistance that can be provided to public water systems under this grant program. 😊

Subject: RE: WIIN, Section 2104, Small/Disadvantaged Communities grant - September 5th update

Folks,

Here's another update on the WIIN, Section 2104 Small and Disadvantaged Communities grants.

Attached please find a copy of the [Assistance for Small and Disadvantaged Communities Drinking Water Grant Program: Grant Implementation Document for States](#). This is also posted at <https://www.epa.gov/dwcapacity/wiin-grant-assistance-small-and-disadvantaged-communities-drinking-water-grant>.

The CFDA for this grant will be published on Grants.gov this week.

The total allotments (including FY18 and FY19 funding) are available at [State Allotments for Small and Disadvantaged Communities Grant](#)

Thanks.

Subject: WIIN, Section 2104, Small/Disadvantaged Communities grant update

Folks,

Here's the latest update on what's going on with the **WIIN Section 2104, Small/Disadvantaged Communities** grants, gleaned from a conference call earlier today. I want to preface this with by saying that the situation with these grants continues to be quite dynamic.

- HQ anticipates that the CFDA listing and grant application opportunity will show up in Grants.gov next Monday (9/2).
- HQ is still developing the implementation guidance for these grants, and hopes to have that finalized by the end of September.
- The funding for these grants will be sent to the Regions (for award to states) in the next few weeks.
- Waivers for the 45% match will not be considered. As a reminder, the match calculation differs from the SRF program and instead resembles the % of total project cost calculation method used by the PWSS and other grants.

The team of folks here in the Region look forward to working with you to expeditiously and effective utilize these funds for the purposes intended by Congress.

Thanks for your continued patience while we complete the rollout of this new program.
